ISSUE

#18

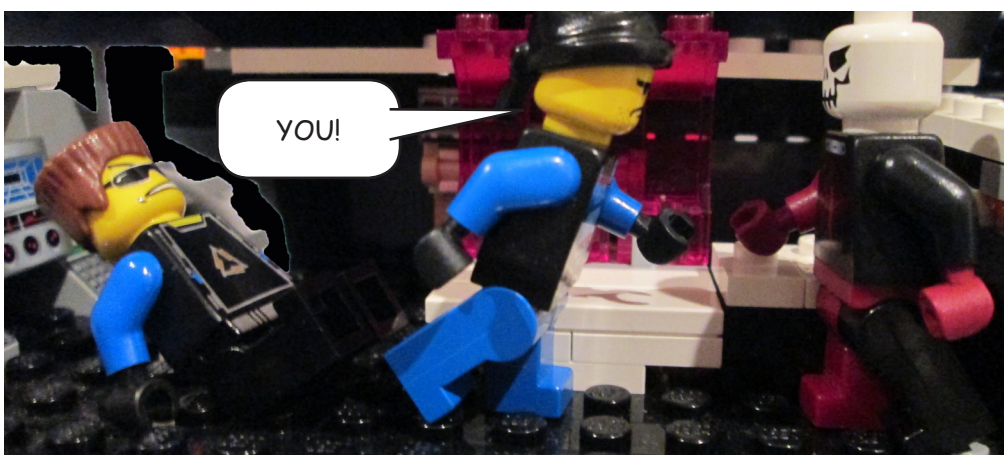

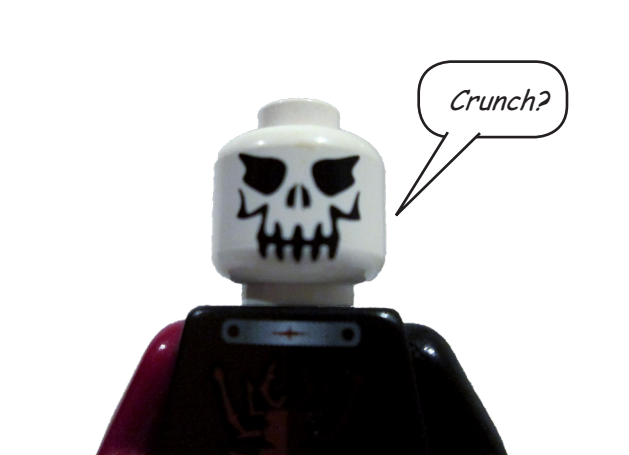

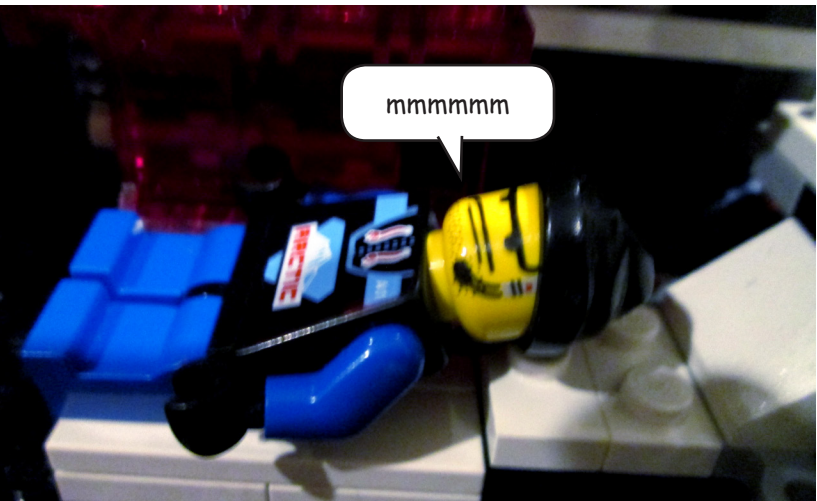

Status Report Drone One.

Three orbs are placed and ready to go. We just need another two and we can achieve our ultimate goal.

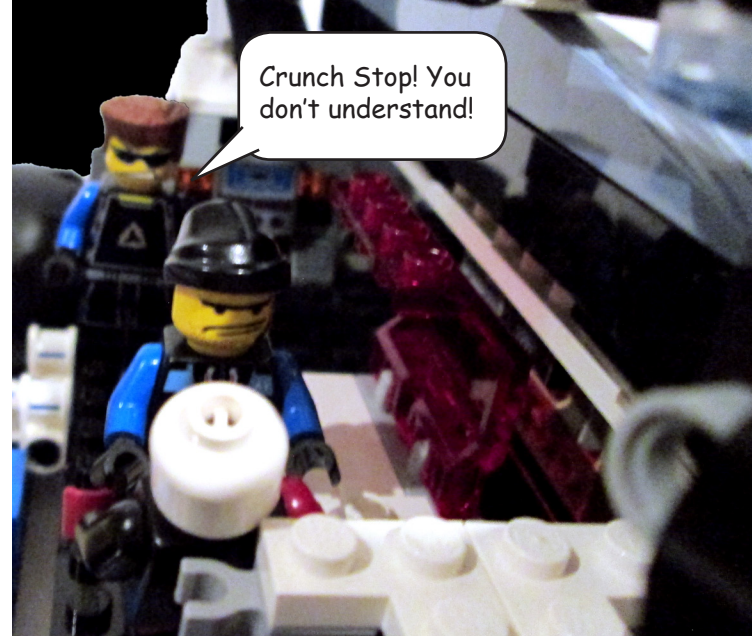

I believe I've located another orb.

Scramble the troops and get to it.

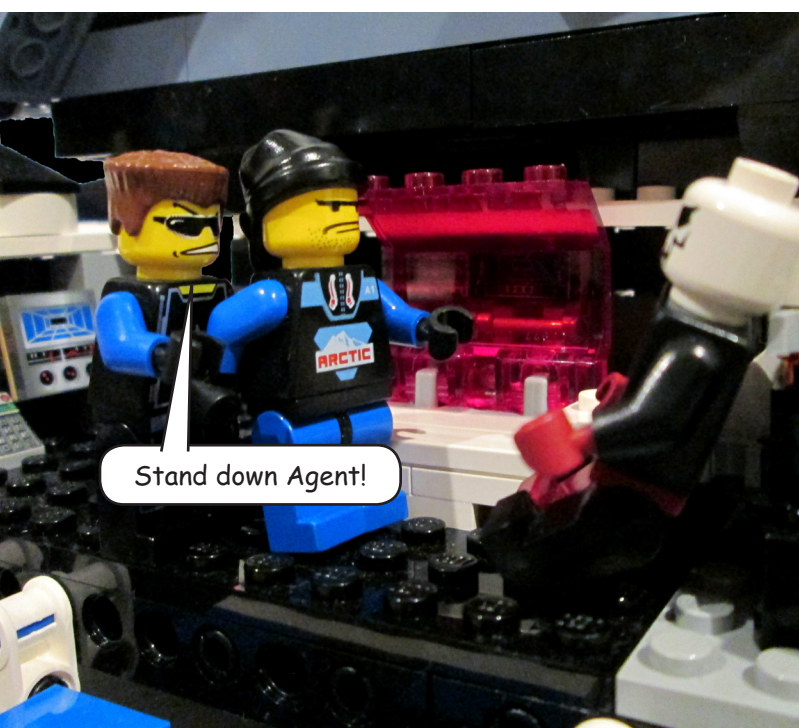

YOU TRIED TO KILL ME!

Crunch Stop! You don't understand!

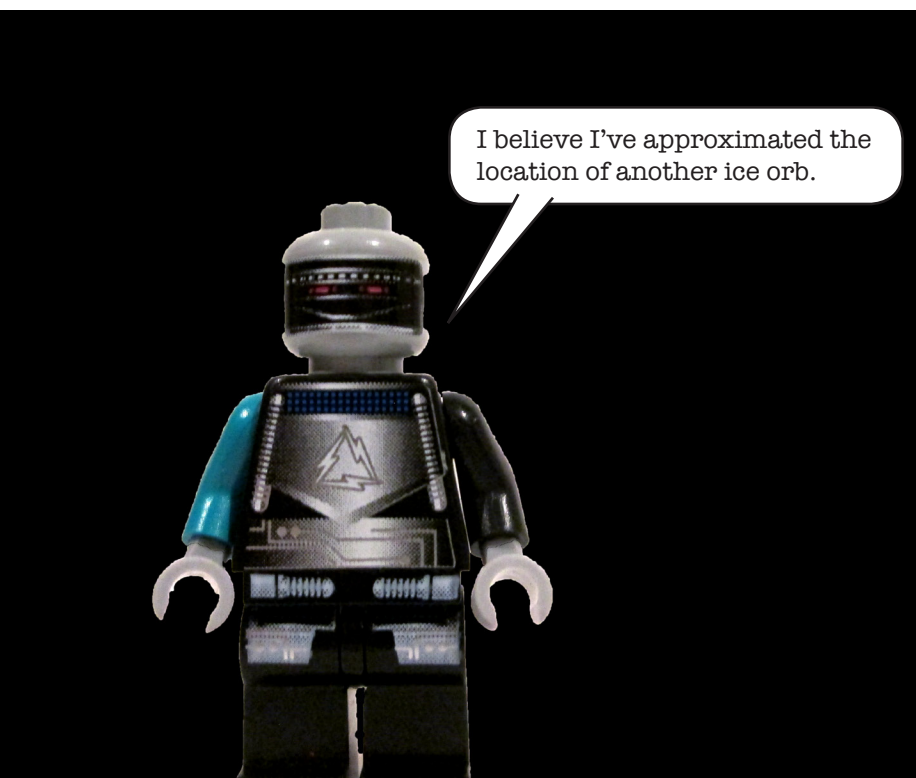

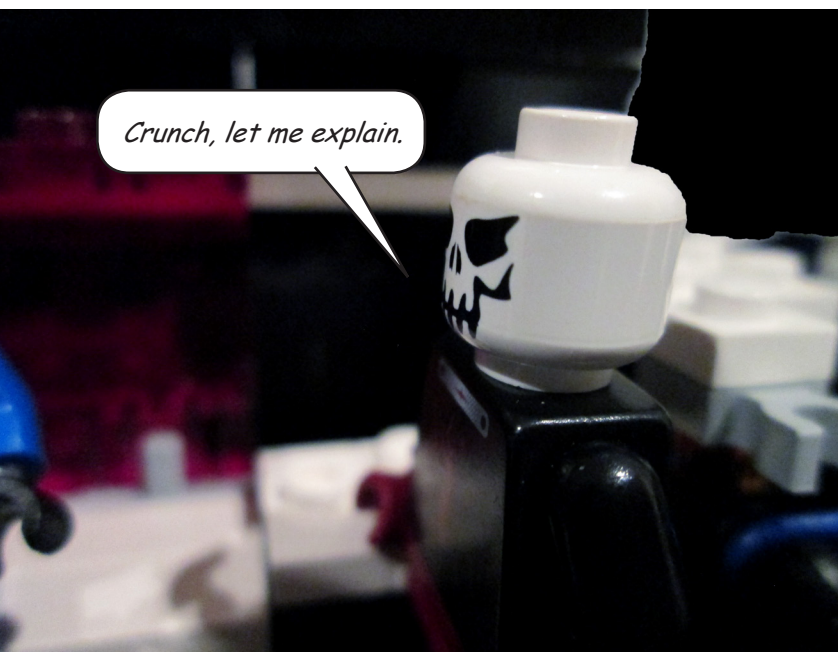

No that's just it. I do understand. I know this is Cam. She froze me out there in the ice.

Stand down Agent!

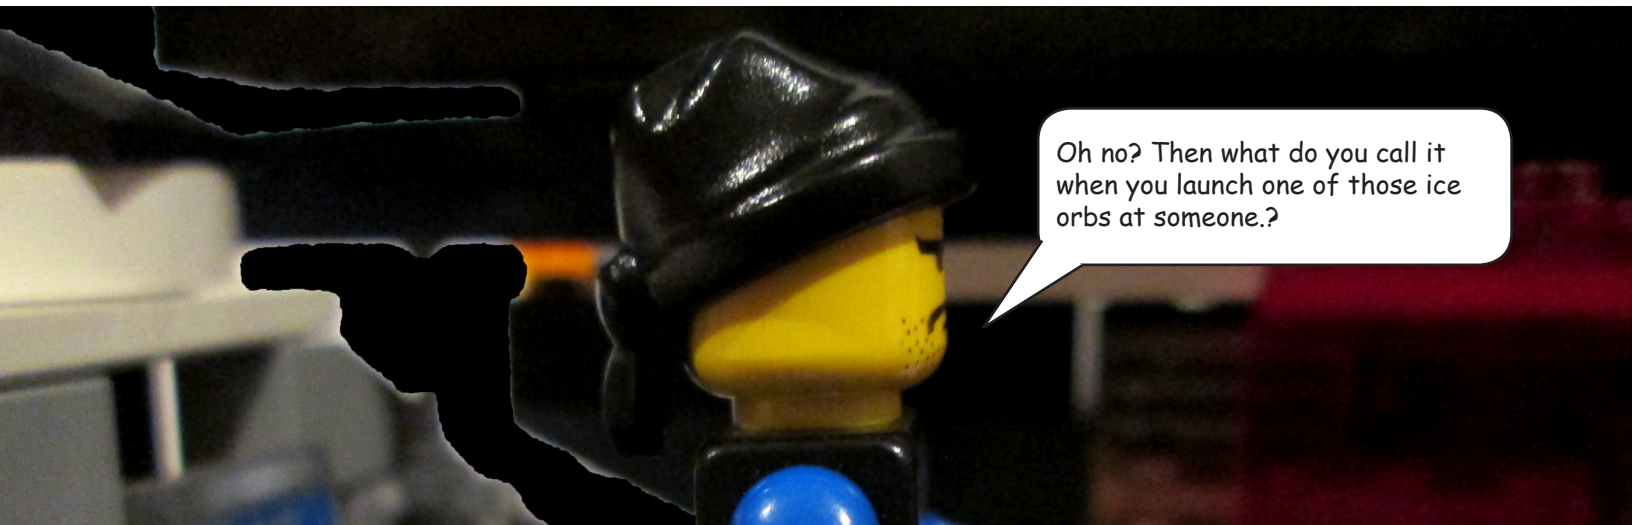

What is going on here?

You tried to kill me.

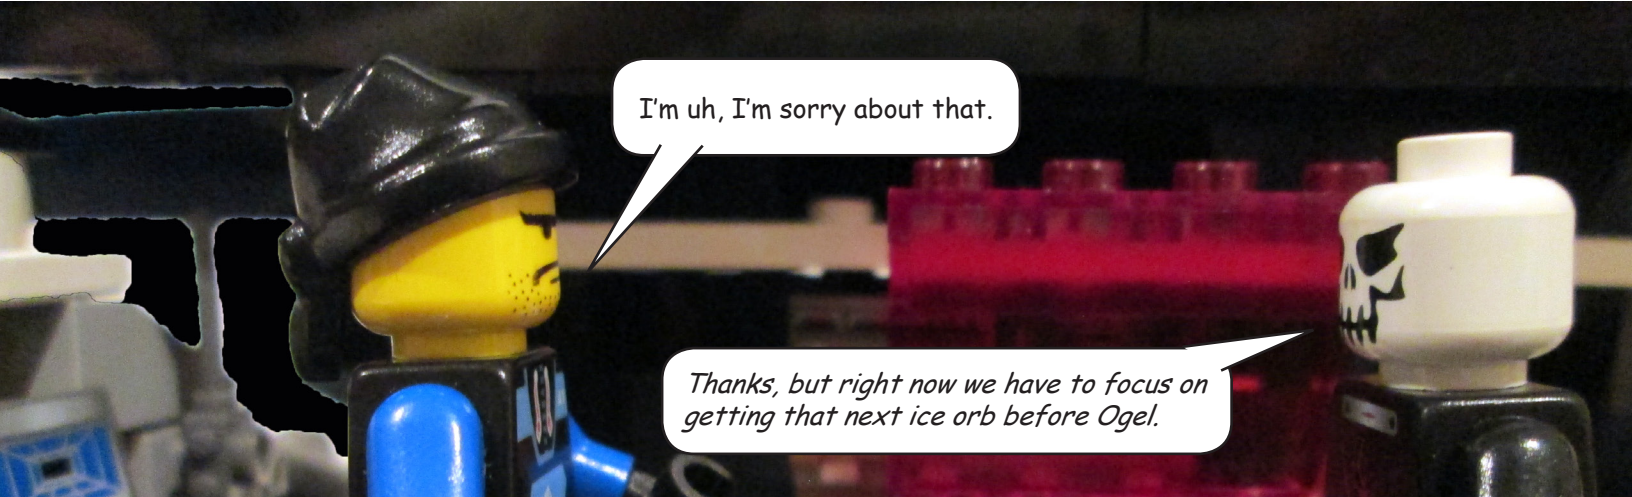

Crunch, I didn't try to kill you.

Oh no? Then what do you call it when you launch one of those ice orbs at someone.?

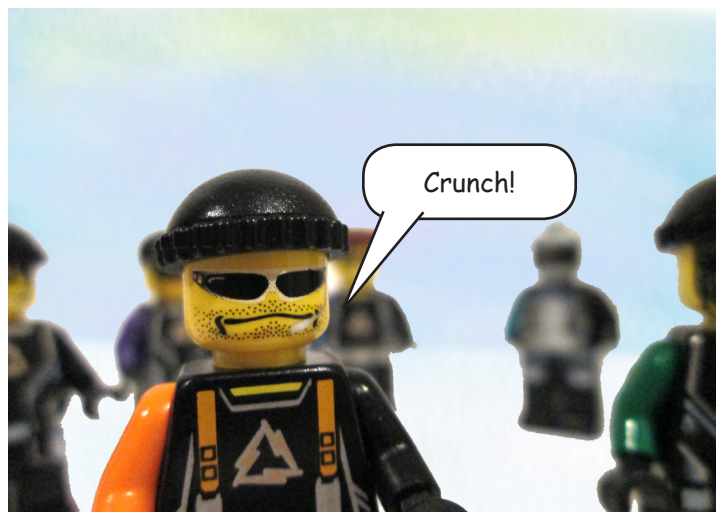

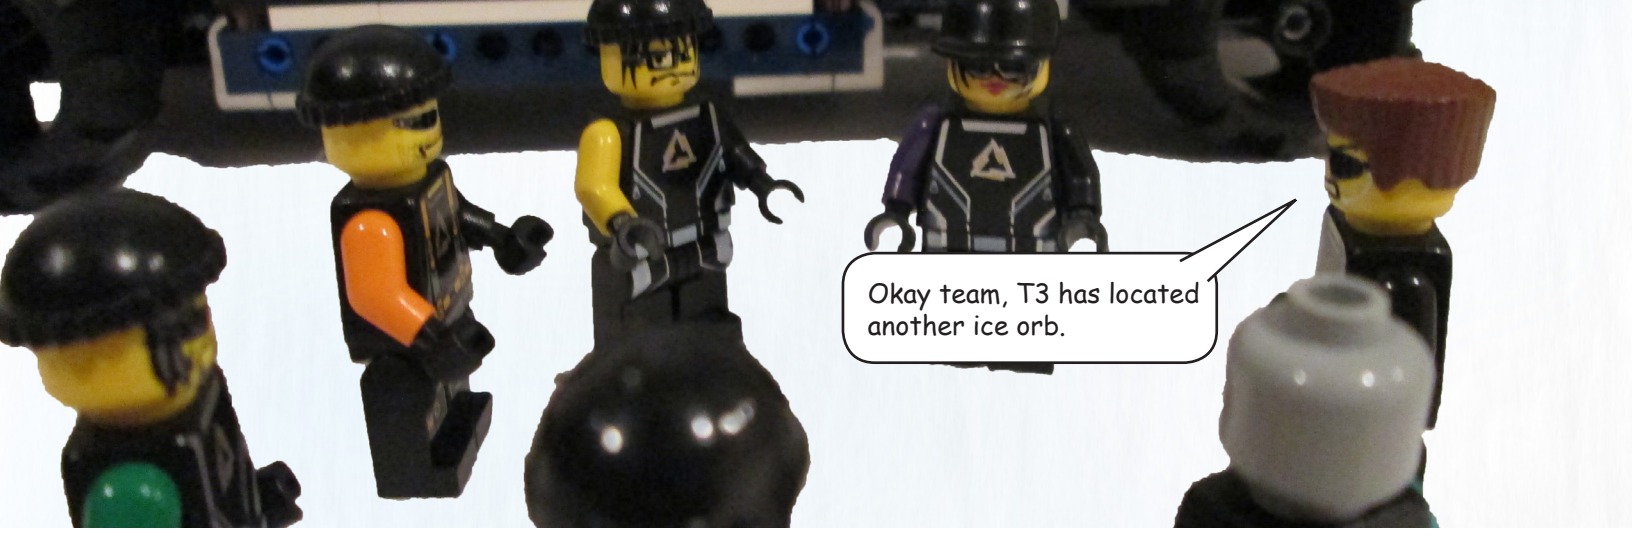

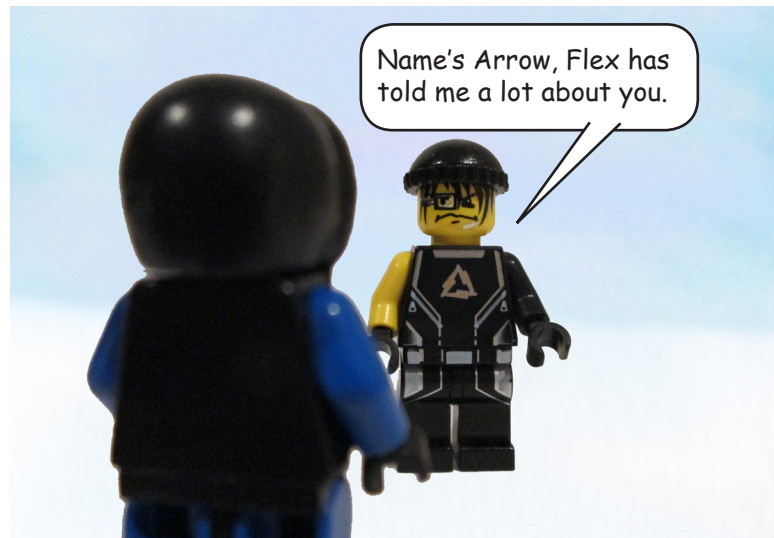

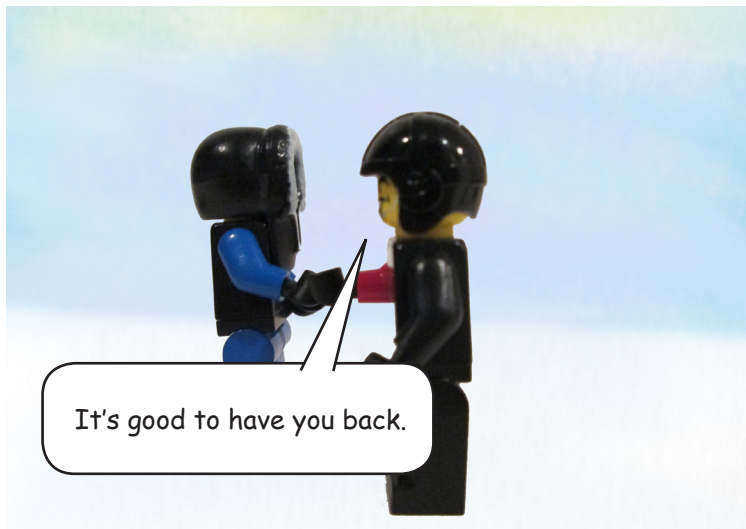

I call it saving you. Crunch I knew the ice orb wouldn't kill you. It would actually save you. It would keep you protected until I could signal the team to come rescue you. It may have been painful but you're alive. And in case you haven't noticed, you're in a lot better condition than I am.

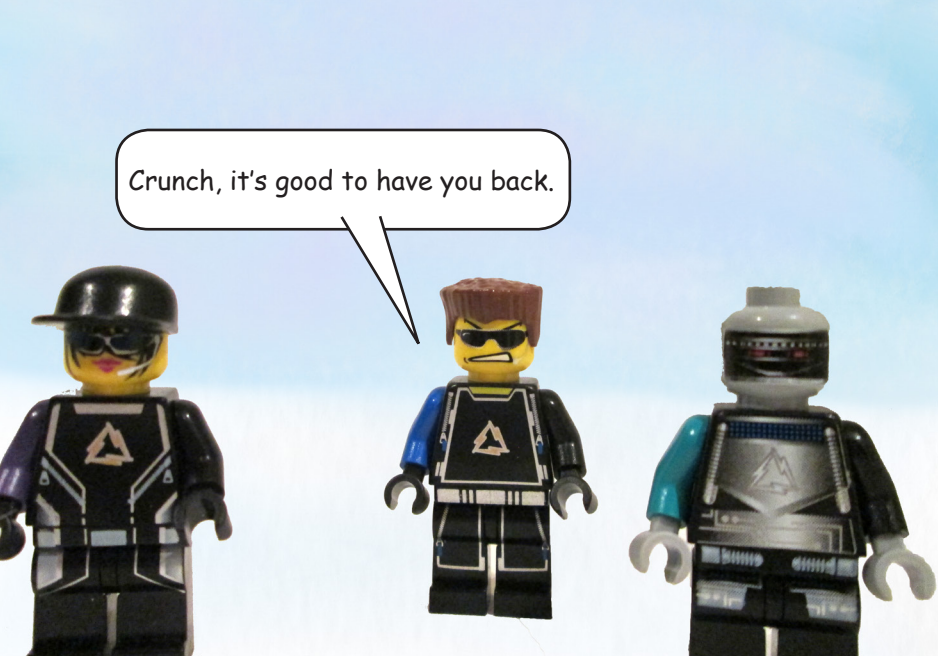

I'm uh, I'm sorry about that.

Thanks, but right now we have to focus on getting that next ice orb before Ogel.

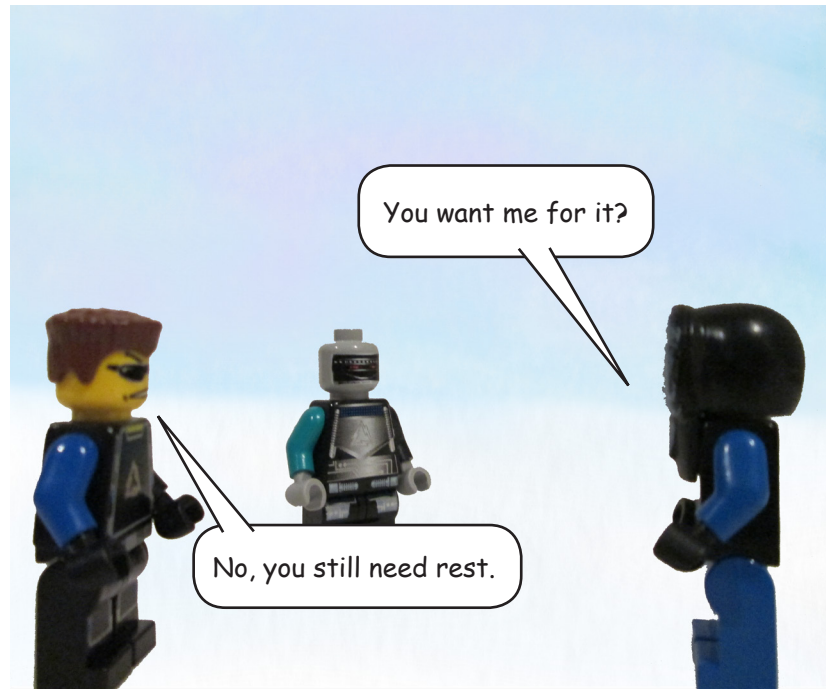

Crunch, it's good to have you back.

It's good to be back sir.

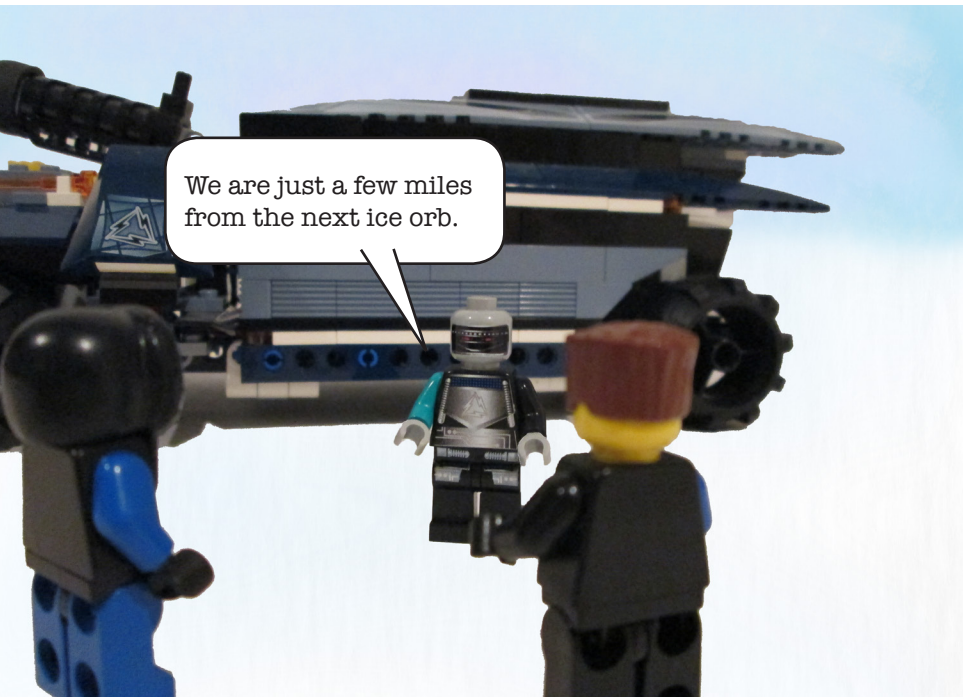

Well team it's nice to have Crunch back, but we have to proceed with our next mission.

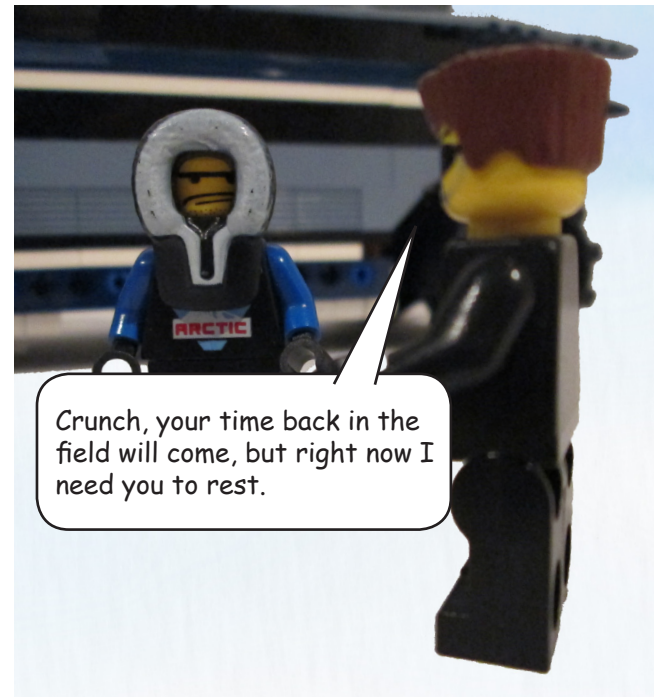

You want me for it?

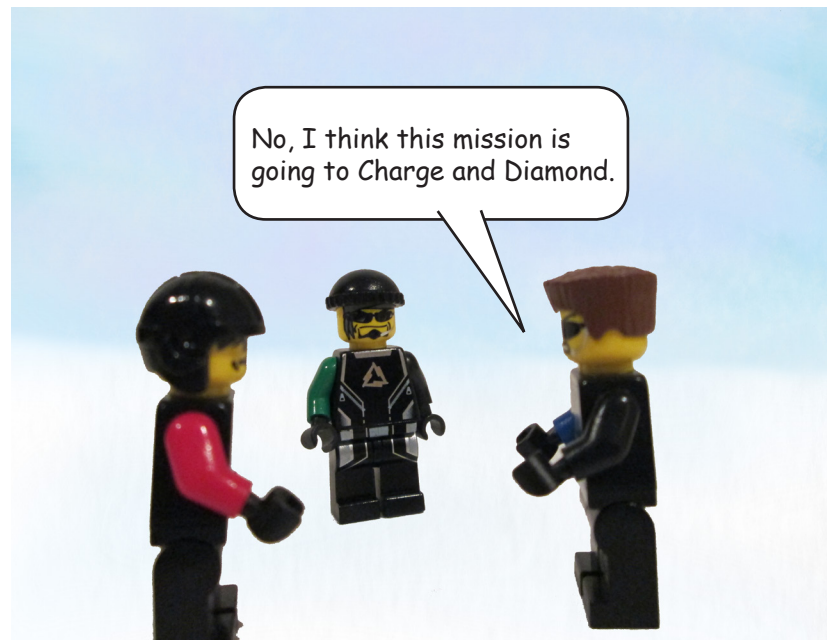

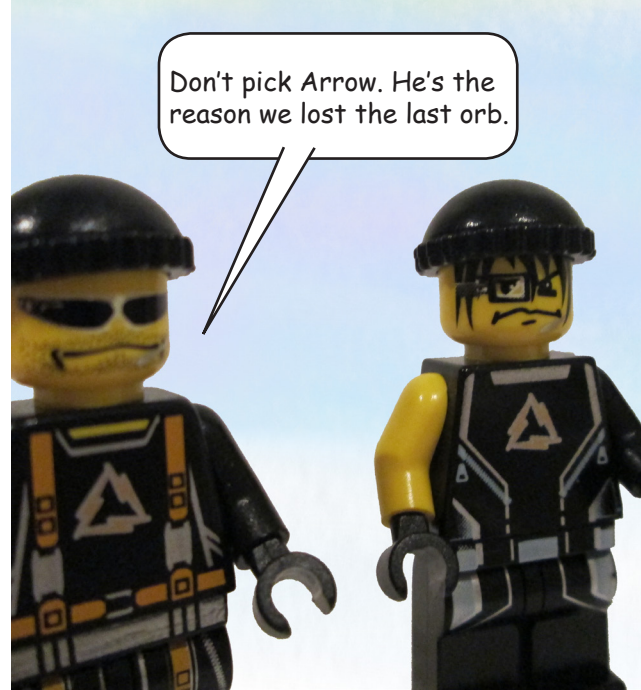

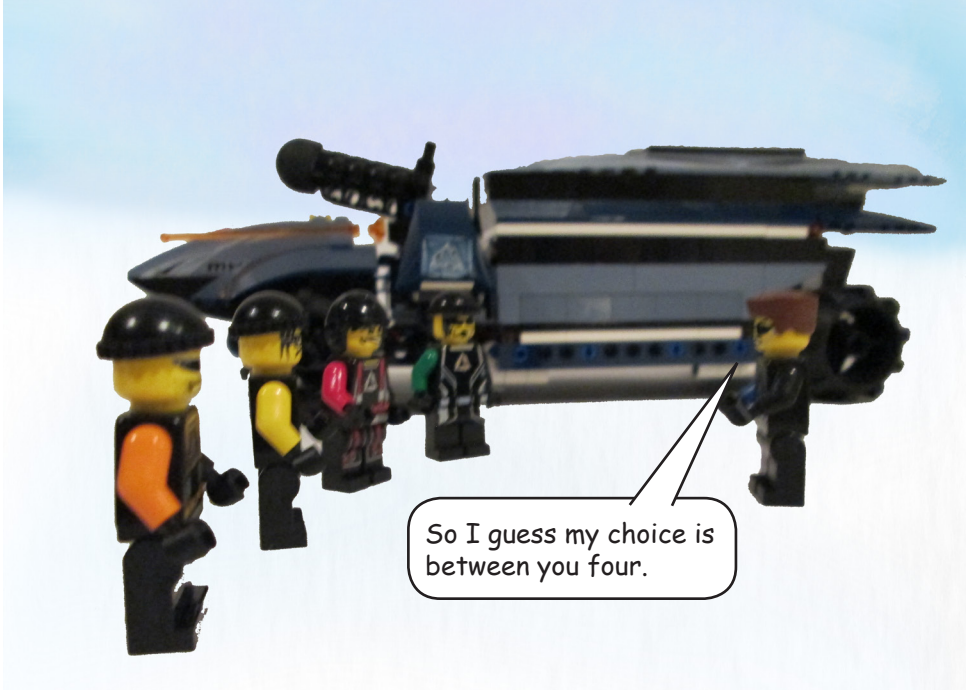

No, you still need rest.

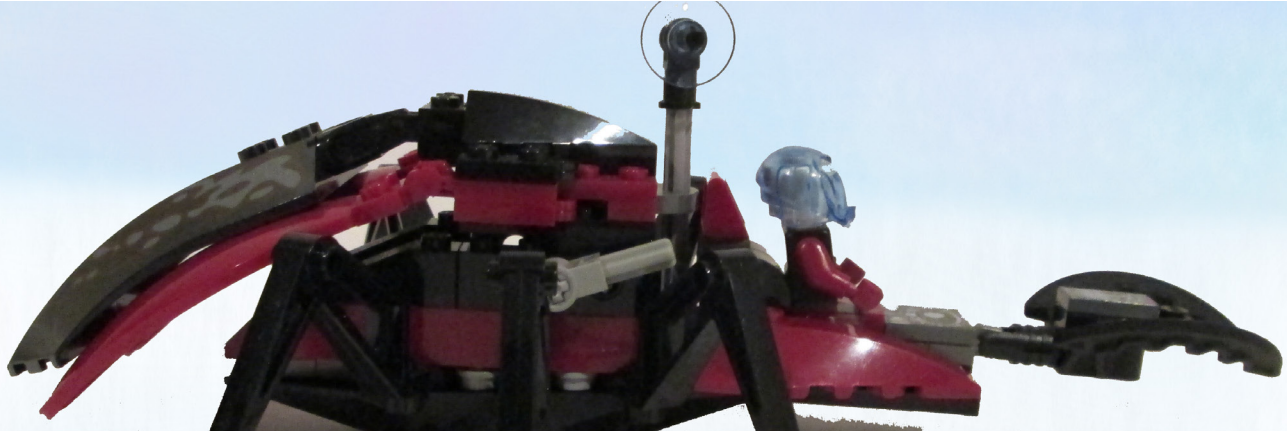

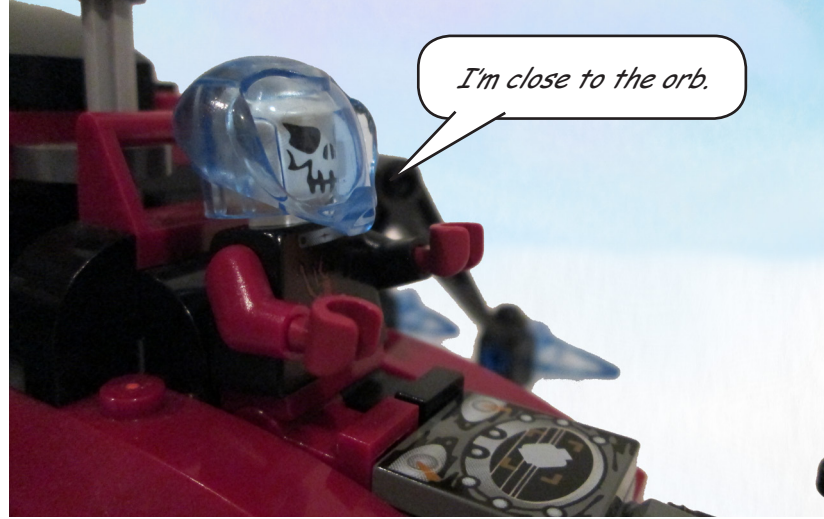

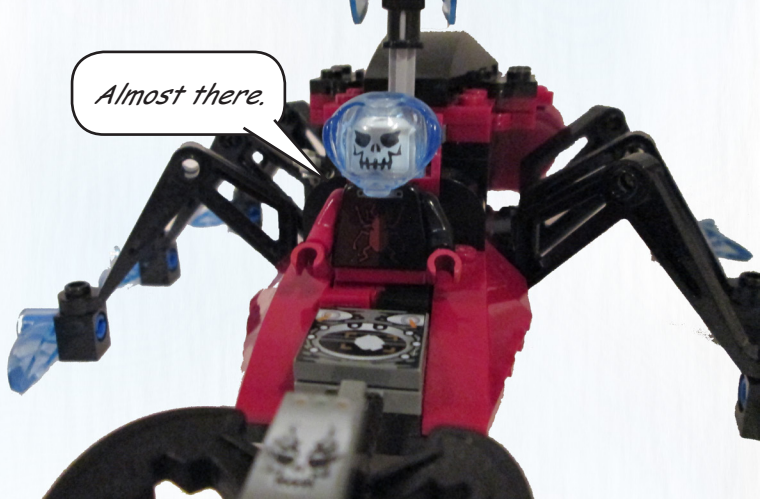

We are just a few miles from the next ice orb.

Crunch, your time back in the field will come, but right now I need you to rest.

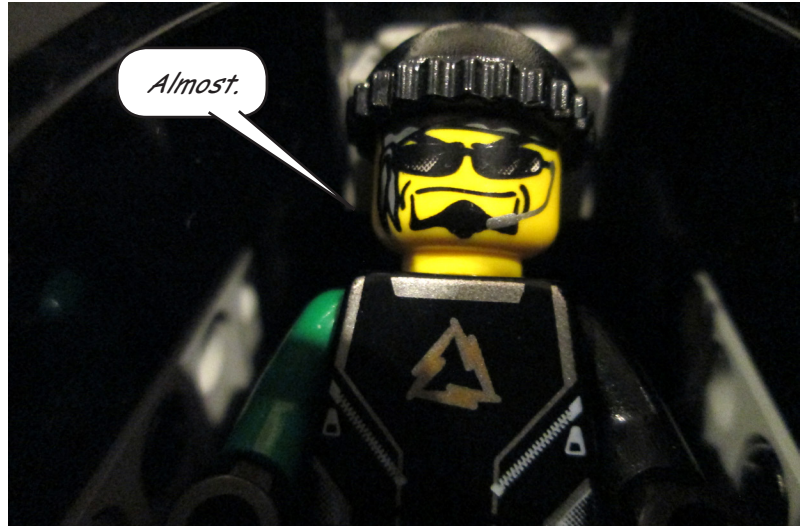

Almost there.

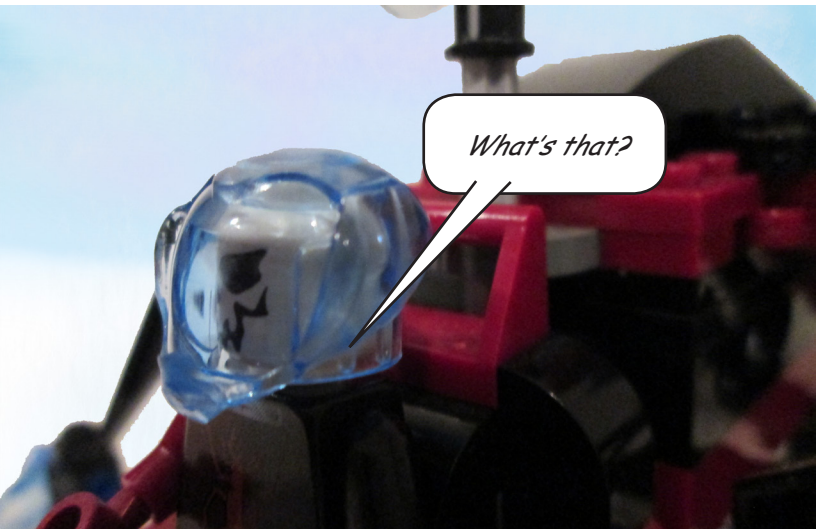

Almost there.

Almost.

Almost.

What's that?

I see something ahead.

I've got the orb. And no complications.

We've retrieved the orb. And not a drone in sight.
